If I could talk to God - IÃfÂçâ, -Ã™ d have a million questions  
If we could sit down face to face  
IÃfÂçâ, -Ã™ d inquire how He likes to spend his days  
And if he has any regrets about this world he made  
Everywhere I look, children hungry, people hurting  
Is it working  
Does it really have to be this way  
I think he might say

Hey, itÃfÂçâ, -Ã™ s really very simple  
Follow my example,  
People, itÃfÂçâ, -Ã™ s not so hard living the right way  
Learn to love each other, your sister and your brother  
If I could talk to God, I wonder if thatÃfÂçâ, -Ã™ s what  
heÃfÂçâ, -Ã™ d say  
If I could talk to God ÃfÂçâ, -" IÃfÂçâ, -Ã™ d look him  
in the eye and  
Ask him about my destiny  
ShouldnÃfÂçâ, -Ã™ t I spend my time on grander things  
And does it even make a difference anyway  
In a world full of confusion  
Am I part of the solution  
And will it take a revolution for the world to change  
I think he might say

Children youÃfÂçâ, -Ã™ re not there for a long long time  
Is it so hard, to just play nice
