I'm not asking for perfection, I only ask that you try
'Cause you keep looking for answers outside yourself
When you've had them the whole time

It's time to see yourself as holy
Time to see yourself complete
It's time to set aside the anger
And the spirit of defeat

Come into the light
Yeah, be the one you're born to be
Into the light
Wake up from your lonely sleep

The shadows can conceal
What the heart longs to heal
Come into the light, yeah

I think it's great that you're searching
Seek and you shall find
Knock and the door shall be opened
To the windows of your mind

Try not to be too impatient
Go easy on yourself
'Cause you got me in your corner
If you need a little help

Come into the light
Yeah, be the one you're born to be
Into the light, oh yeah
Wake up from your lonely sleep

The shadows can conceal
What the heart wants to heal
Come into the light, come into the light
Oh yeah, oh yeah

Come into the light
Yeah, be the one you're born to be
Into the light, oh yeah
Wake up from your lonely sleep

Into the light
Be the one you're born to be
Into the light, oh yeah
Wake up from your lonely sleep

Into the light
Yeah, be the one you're born to be
Into the light, oh yeah
You got to wake up from your lonely sleep

And be the one you're born to be
Be the one you're born to be
Be the one you're born, born to be
