You've got a light that surrounds you  
A peaceful way about you  
Takes the fear out of  
I want to put my arms around you  
I'm so glad I found you  
How'd you end up in my life  
And oh, I suppose  
It was destiny at  
Or someone had a perfect plan to fill  
But as I watch you while you sleep  
City's so very clear to me  
Until the day the planets all stand still  
My love, I will  
I love the way your eyes light up  
When you're talking to someone you love  
And you've never been afraid to let it show  
And I can't imagine anything  
As good as when you say my name  
And you tell me that you'll never let me go  
My Love I Will
