"Let Someone In"

Lying awake while you're sleeping
Talk to me while you're dreaming
Share your thoughts with me
Help me to believe, Your reality

We all wanna feel pain sometimes, We all need to hurt
inside
We all wanna tear our walls down, And let someone in

Burden my life, Wasting my time
Trying to please everyone
Do what you can, Do what you will
Should I just care for, Number one

We all wanna feel pain sometimes, We all need to hurt
inside
We all wanna tear our walls down, And let someone in
We all wanna feel pain sometimes, We all need to hurt
inside
We all wanna tear our walls down, And let someone in

Put your emotions aside, Show me how you feel this
time
Put your emotions aside, Take it all away
Put your emotions aside, Show me how you feel this
time
Put your emotions aside, Take it all away

We all wanna feel pain sometimes, We all need to hurt
inside
We all wanna tear our walls down, And let someone in
We all wanna feel pain sometimes, We all need to hurt
inside
We all wanna tear our walls down, And let someone in

And let someone in
And let someone in
