Was it something I said that made you
Wanna turn and walk away, From this life
That is given to make us stronger
Make us feel like we need
Something, to build us up and let us down
To let us down

Lost touch with real life
Given thoughts of your insight
Why do you take me
When you take me in

Here with you feels like home, I never wanna be alone
I don't want to leave this place, And end up gone
Stuck in consistency, Feeding my misery
My misery

Lost touch with real life
Given thoughts of your insight
Why do you take me
When you take me in

I know I'll be over it tomorrow, But it still hurts today
And these thoughts fill me, With those words you say
Restless screaming, You see me reaching for
Something new

Was it something I said that made you
Wanna turn and walk away
