"Take Me Down"

Listen to the silence
As it breaks into your mind
Do you see the violence
Taking over mankind

I won't let it take me down, I won't let it take me
I won't let it break me down, As it rapes me
I won't let it take me down, I won't let it take me

People fighting in the street,
Taking more than they'll ever need
Waking up to this violence,
Waking up to this violence
Terror spreading through our minds,
Searching for hope to mend our cries
Waking up to this violence,
I'm waking up to this violence

I won't let it take me down, I won't let it take me
I won't let it break me down, As it rapes me
I won't let it take me down, I won't let it take me

And this chaos I'm living and breathing
The walls I'm building keep suffocating me

I won't let it take me down, I won't let it take me
I won't let it break me down, As it rapes me
I won't let it take me down, I won't let it take me
I won't let it take me down, I won't let it take me

I won't let it take me
I won't let it take me
