Forgotten war right behind  
That sodom and gommorhe have lost  
And by god they've been condemned  
Destroyed by heaven's troops  
The 13th battalions rebellion start  
Denying rules demanded by god  
Defending once the creator's right  
Now against the good

Symnoids denied the cross  
Symnoids are united rebels  
Helpful invasions of C.H.U.D.'S  
Sewers release their hell

Dark forces are afraid  
Untruth worlds ends today  
Burn and burn for a thousand years  
Death and pain makes them pray

Bestial C.H.U.D.'s devastating hell  
But heaven and hell are in your minds  
Symnoids and C.H.U.D.'s with their wisdom  
Will find a way to reign the earth

The final Massacre... war inside your mind

Locked in your graves, rotten and pure, Bible's rivals  
Fighting over the earth for two centuries  
You were legends, now turned to dust, from King to  
nothing  
Forgetting you will mean killing you for good  
Nightmare of men you lost your throne force and  
power  
Symnoids laugh at you till the end of times  
Dwellers of the earth now know the truth  
It's finished for you there's no chance for you to be  
back  
Cause you're dead... and buried
