"I Welcome You"

I met a new man in my life and baby that's you
Didn't like you from the beginning that's true
But I welcome you
Yes I welcome you
I broke up my engagement and I packed my bags for
you
Don't ask me why but this is what I had to do
I've been waiting so long for someone like you
Someone who thinks and feels like I do
When we started to talk I knew right away
This guy he is special he has his own way
And I welcome you...
Yes I welcome you
Even when I am lonely my heart is filled with you
Every time you say you love me I know you do
Life is so easy and wonderful if you want it to
Just trust the process and it will help you through...
I've been waiting so long for someone like you
Someone who thinks and feels like I do
When we started to talk I knew right away
This guy he is special he has his own way
And I welcome you...
Yes I welcome you
I met a new man in my life and baby that's you
And I welcome you ...
I've been waiting so long for someone like you
Someone who thinks and feels like I do
And I welcome you, I do, I do
I've been waiting so long for someone like you
Someone who thinks and feels like I do
And I welcome you, I do, I do
