Your eyes, shimmering like stars
Your mouth, laughing about everything
Your hands, so gentle and soft
My life, boy you changed everything
Why
If this isn't love, tell me what is it then
Maybe something above what we can't understand
If this isn't love, tell me what is it then
Maybe something above what we can't understand
If this isn't love, what is it
I know, we both gonna lie
And I know, we gonna cry, cry, cry
My heart, can't forget about you
No matter, how hard I try, try, try
Why
If this isn't love, tell me what is it then
Maybe something above what we can't understand
If this isn't love, tell me what is it then
Maybe something above what we can't understand
Oh, if this isn't love, tell me what is it then
Maybe something above what we can't understand
If this isn't love, tell me what is it then
Maybe something above what we can't understand
I know, we both gonna lie
And I know, we gonna cry, cry, cry
My heart, can't forget about you
No matter, how hard I try, try, try
Why
Your eyes, your mouth, your hands, my heart
Can't forget about you, no matter, how hard I try, try, try...
