Show me what you got
Show me what I like
We'll have a good time
When we party
Show me what you got(oh,yeah)
Show me what I like(oh,yeah)
We'll have a good time
When we party all night long
C'est la fete
Tout le monde
Ceci bon,ce bon
Ca bouge,ca marche,ca temble
Oh,yeah,yeah
Yeah,yeah,yeah,yeah
Food drinks music and a fan
Here comes the man with the party plan
I tell you what we need
It's a lot of stuff
But of the fun
We can't get enough
Don't worry this time
Got it all in mind
I even asked the sun If it could shine
'cause I don't wanna wait a second more
Show me what you got
Show me what I like
We'll have a good time(good time)
When we party
Show me what you got
Show me what I like
We'll have a good time(good time)
When we party all night long
Umm,yeah
Outside people in the pool
A BBQ grill,man this is cool
Ready for a dance
Or a hot romance
Come on everybody
Wintertime or summertime
We all know that it's partytime
And I don't wanna wait a second more

Show me what you got
Show me what I like
We'll have a good time(good time)
When we party
Show me what you got(uh,yeah)
Show me what I like(oh,yeah)
We'll have a good time(good time)
When we party all night long(come on a party)
All night long(come on a party people)
All night long(come on a party)
All night long(come on a party people)
I wish this day could always last
We're havin'a good time now
Sad to say but this day will soon be past
No,baby
La vie est belle
Oh! E mes amis
Quand nous nous amusons
Ensemble c'est la joie
Party on party people
Party on
Party on
Show me what you got
Show me what I like
We'll have a good time(good time)
When we party
Show me what you got(uh,yeah)
Show me what I like(uh,yeah)
We'll have a good time(good time)
When we party
Show me what you got(yeah,yeah)
Show me what I like(oh,yeah)
We'll have a good time(good time)
When we party
Show me what you got(uh,yeah)
Show me what I like(ooh)
We'll have a good time(good time)
When we party all night long(come on a party)
All night long(come on a party people)
All night long(come on a party)
All night long(come on a party people)
All night long(come on a party)
All night long(come on a party people)
All night long
Yeah,yeah
Oh,uh...
Rough times leave me down
But good times help me fine,yeah
At first I was scared,then I was cool
After a while I felt like a fool
I didn't fit in,but when I let it go

Suddenly life became so great...
When I just let it go
Then my life became so
Great, this I want you to know
Oh, great, cause I am strong in my heart
No one can tear it apart,
Great, this I want you to know
Yeah, yeah
Oh, uh
Now rough times help me see
What good times give to me
I might be alone, but not in my heart
What I build up inside no one can tear apart
When I was scared, I tried to be cool,
But I didn't fit in cause I acted like a fool
Life became great...
When I just let it go
Then my life became so
Great, this I want you to know
Oh, great, cause I am strong in my heart
No one can tear it apart,
Great, this I want you to know
Life is so great
Great, yeah
Life became so, life became so great
Life became so, life became so great
Life became so, life became so great
Life became so, life became so great
At first I was scared
Then I was cool
I didn't fit in
Suddenly life became so great...
Yeah, yeah
Oh, uh...
Great
When I just let it go
Then my life became so
Great, this I want you to know
Oh, great, cause I am strong in my heart
No one can tear it apart,
Great, this I want you to know
Life became great, yeah
So great
Great, yeah
So great
Life became so great
