Tell the world right

Got to get together. Now let's say forever an ever
I've heard it all before
What if I define a way to make you mine
I can't take this no more
Kiss me, bliss me, tell me that you miss me
Don't care what you say
But I changed my life and I will do it today

Gonna tell the world I'm doing all right (without you
baby)
Gonna tell the world I'm feeling so fine, oh yeah (2X)

Anywhere you go, I go just to be near you
I don't want you around
Let me tease ya, squeeze ya, and let me please ya
Stay on solid ground
Let me move ya, rock the micropnone to prove ya
Don't care what you say
But I changed my life and I will do it today

Gonna tell the world I'm doing all right
Without you baby
Gonna tell the world I'm feeling so fine, oh yeah (2X)

I'm doing all right, I'm doing all right
Stronger now without you
I'm doing all right, I'm doing all right
Can't you let it go (2X)

It's been a long time, I should have left you
Before you could leave me I should have kept you (2X)
Sitting by the phone, waiting for the girl to ring
Just let me know, she's gonna cut the whole thing
