(Mm, yeah)

I've been down, I've been hurt

I've been lost, I've been weak

My emotions have been out of reach

When I thought everything was okey

I was wrong I have to runaway

Bye bye baby, goodbye

Im gonna run run runaway

Follow my heart

Im gonna run run runaway

A brand new start

I can feel for the first time

Im gonna run run runaway

(Mm, hoo)

I can love, I can feel

I can breath, I can see

So alive I've never felt so free

I am stronger than ever before

Now Im gone so you can close the door

Bye bye baby, goodbye

Im gonna run run runaway

Follow my heart

Im gonna run run runaway

A brand new start

I can feel for the first time

Im gonna run run runaway

Im gonna run run runaway

Follow my heart

Im gonna run run runaway

A brand new start

I can feel for the first time

Im gonna run run runaway

It doesn't matter where life will take me

Im going with the flow higher than higher

It doesn't matter if luck will forsake me

Im gonna runaway

Im gonna runaway

Run run runaway

Follow my heart

Im gonna run run runaway

A brand new start

I can feel for the first time

Im gonna run run runaway  
Im gonna run run runaway  
Follow my heart  
Im gonna run run runaway  
A brand new start  
I can feel for the first time  
Im gonna run run runaway  
I can feel for the first time  
Im gonna run run runaway
