I never fear because I'm wasted and fallen , I never
dream cause I'm the dying kind
I never believed anything that you'd offer so leave me
behind.

Another late risen wasted morning , Another set of
misleading lies
Another victim of the murderer lurking behind closed
eyes.

And you'll scream for me , Remind me of the way
things used to be
I lost everything , When I gave in to the monster inside
of me

Waking up to the scent of a woman , So beautiful with
such an angry face
Vengeance is a terrible master for it brought you to this
place.

You're the stake baring hooded stranger , You're the
hopes of your kindred kind
And I've killed many like you before so don't waste your
time.

And you'll scream for me , Remind me of the way
things used to be
I lost everything , When I gave in to the monster inside
of me

Waking up to the scent of a woman , With the blood of
a drone on her hands
Justified in her mind by the promise to drive me from
these lands.

You're the stake baring hooded stranger , You're the
hopes of your kindred kind
And I've killed many like you before so don't waste your
time.

And you'll scream for me , Remind me of the way

things used to be
I lost everything , When I gave in to the monster inside
of me , Consuming me.
