So, I fucked up.  
This song to fill my head, is too much.  
Sky above, I've walked through.

Reach for the sky, the sky, the sky, the sky.

Sky above, I've looked through,  
I thought I'd turn my head to see you,  
Sun above, burns right through,  
I'd never turn you down with all this blue.

Reach for the sky, the sky, the sky, the sky.

Sky above, I've looked through,  
I thought I'd turn my head, to see you,  
Sun above, burns right through,  
XXXXXXXXXXXXXXXXXXXXXXXXXXXXX?  
Reach for the sky, the sky, the sky, the sky.
