There's something inside you  
It's hard to explain  
You're talking about you, boy  
But you're still the same

She claim every time I come around  
She 'bout her feelings, whole composure dumb her  
down  
It's been a minute and I've been given the run  
around  
All she wants her Ben and Jerry dates when I'm in her  
town  
Lately a little more, maybe I stay a while  
Listen I'll give you more baby, maybe to see a smile  
See, it's typical for me to not be into you  
Girl, I lack trust, know you feeling like a zipper closed  
I'mma stay tonight, we play tonight, gonna do it our  
way  
But if I lay the pipe, I lay it right and really can I stay?  
Let's go get you tight, like really tight, like fuck him  
anyway  
While deep in your mind you're wishing you could  
fuck him every day  
Oh, fuck me every day, oh, in any place  
Oh, fucking up head boss, rather we scape boards  
Sick shit, only woman I ever cared for  
Heart's vacant, but you will always have a place for

There's something inside you  
It's hard to explain  
You're talking about you, boy  
But you're still the same

Wait a minute, hold up, can we date a minute?  
Remember days when our phones only worked on  
minutes?  
I used to call you, you fell back, I heard it  
You heard it from France but now a nigga lay up  
Funny how it works, how we should go down  
Should brush you with off/on like dirt to the floor now  
I want what I once saw, you are what I go for  
We jump in these hurdles so we can't be both...

Started off sex, fucking, just nothing more  
Fronting like it ain't love, stunting, wanting for more  
See, now a nigga really do accept, you're more than  
just a fucking well  
Feelings interject  
With the boss in a Beemo, are we leaving in a Lex?  
I hope you understand, I got you beating in my chest  
I'm checking out your cuticles, smiling at the small  
things  
Loving all this drive that the girl from the park brings

There's something inside you  
It's hard to explain  
You're talking about you, boy  
But you're still the same

There's something inside you  
It's hard to explain  
You're talking about you, boy  
But you're still the same
