Who Would Have Ever Known, That You Would Do
Something Like This? But I Guess You Did. This Is What
I Gotta Say.

From The First Day I Saw Your Face, Girl I Knew You
Was Trouble. (Trouble) You Had A? Type of Fire, Girl
I'm Seeing Double.(Double) The Way You Looked Me In
My Eyes, Got Me Going Crazy (Crazy) So Foolish That I
Fell Into Your Trap & Now It's Killing Me & Then I Start
To Think That Your Plan Was To...

Destroy My Heart, You Know What You Did, Girl. Destroy
My Heart & I Will Never Forgive You Girl. You Played
Me, Thought That You Was Slick Girl. It Was All A Lie.
Destroy My Heart & I Will Never Forgive You Girl.

Now You Think It's Time To Ask For Forgiveness, Girl I
Don't Want You No More. (Want You No More) You Were
So Quick To Jeopardize Us With Him. You're Gone Girl
Hit That Door.(Girl Hit That Door) Now You Calling Me At
5 In The Morning. Blowing Up My Phone, But Girl I'm
Ignoring. It's A Little Late For Your Lamé Excuses. Damn
What A Shame. Girl You Was Ruthless. I Found Out Who
You Creeping With Never Want You Back Cos You Make
Me Sick. Now I Know What Was Happening. Can't
Believe You Slept With My Best Friend.

CHORUS

I Loved You. You Hurt Me. I Loved You. You Hurt Me.
Why Did You Have To

CHORUS
