Stay with me just for today,  
Let your soul come and rest for a minute now,  
Share your mind if you have some time, I would love to  
sit and talk to you.  
I will wait if you ask me to but I won't stay here forever  
now.  
I know your heart could keep me warm if you let me  
stay.

I feel that your eyes won't open  
and these dreams, my heart I can't deceive them.  
Maybe the moon will come down and save me  
Maybe your eyes will stop me from falling  
Oh, I'm drowning, yeah(x4)

What can I say? What can I do? Is there anyway to get  
through to you.  
I'll put myself into your shoes and I'll walk around these  
streets of yours.  
It's cold outside where you stay but my heart is not far  
away.  
So take a breath and close your eyes. I want to hold  
you.

I feel that your eyes won't open  
and these dreams, my heart I can't deceive them.  
Maybe the moon will come down and save me  
Maybe your eyes will stop me from falling  
Oh, I'm drowning, yeah(x4)
