Snows blowing on a cold winter morning  
Look from you I feel my heart beating  
Never thought I couldn't get to you  
Never thought I would be with you  
Now I wonder how we ever could got here  
Without your loving in my life my one fear  
Waking up without you

We changing and I know that you don't need  
Everything we had was all we could be  
Couldn't hear the words you told me  
I'm giving I'm giving I'm giving I'm giving  
I'm giving up  
On you

Oh  
I've been holding back this feeling  
For too long and I'm about to fall... on you  
I gave you I gave you  
All of me all of me

First time I saw your face  
The storms came the winds changed  
Your fogged my mind with snow  
I'm blind now  
You opened up the gates  
When you came amazed me  
And now I'm drowning down down down down down  
We running to this beat on Christmas morning  
Everything that I've done I've done it for you  
But I know it was true the feeling was you  
Was true was you was true was you  
We running to this beat on Christmas morning  
Everthing that I've done I've done it for you  
But I know it was true the felling was you  
Was true was you was true was you

Now I fall now you fall  
Now we fall together  
Now I fall now you fall  
Now we fall together  
Now I fall now you fall

Now we fall together  
Now I fall now you fall  
Oh oh

Snows blowing on a cold winter morning  
Look from you I feel my heart beating  
Never thought I couldn't get to you  
Never thought I would be with you  
Now I wonder how we ever could got here  
Without your loving in my life my one fear  
Waking up without you

We changing and I know that you don't need  
Everything we had was all we could be  
Couldn't hear the words you told me  
You don't know how much I sung this song  
Didn't know how long I left it on  
You don't know how much I sung this song  
Didn't know how long I left it on

First time I saw your face  
The storms came the winds changed  
Your fogged my mind with snow  
I'm blind now  
You opened up the gates  
When you came amazed me  
And now I'm drowning down down down down down  
We running to this beat on Christmas morning  
Everything that I've done I've done it for you  
Everything that I've done I've done it for you  
For ya for ya for ya  
We running to this beat on Christmas morning  
Everything that I've done I've done it for you  
Everything that I've done I've done it for you  
For ya for ya for ya

Now I fall now you fall  
Now we fall together  
Now I fall now you fall  
Now we fall together  
Now I fall now you fall  
Now we fall together  
Now I fall now you fall  
Oh oh
