Don't know where you're from
Never seen you around
But that don't mean nothing to me
Just want a taste of that

Drop that shit life

She stood there waiting alone
Green eyes her shoulder exposed
Smiling and biting her straw
She gave me one look, I froze

Her sexy inviting eyes
My hand on her hips as we grind
She whispered in an accent unknown

"Just let go, let the music take control babe
Move your body, nothing crazy
So take it slow, there's so many things I want you to
know
I ain't leaving you, 'cuz I'm yours tonight"

(I can tell you want me too
'N' every time I think of you
That luscious drink your lips produce
I can taste that sweet lovejuice 2x)

"Oh", "Oh", More", "Slow"

Classy like none of these hoes
Pretty little frame under her clothes
Those lips as red as a rose
Vibing to the beat from Boze

Don't rush the night still young
Take it to the room and sex things up
I can see you call my name, saying

"Don't stop, more" I'm trying to see how your lips feel
babe
All we need is body language
And now I know, I'm falling for you and I just can't lie

I won't go nowhere 'cuz I'm your man tonight

(I can tell you want me too
'N' every time I think of you
That luscious drink your lips produce
I can taste that sweet lovejuice 2x)

See, I've been all around the world but I ain't (seen
nothing 2x)
Like you, don't matter where you're from, it don't
(mean nothing 2x)
See, I've been all around the world but I ain't (seen
nothing 2x)
And now I got four minutes to take you back, girl we
can (be something 2x)

(I can tell you want me too
'N' every time I think of you
That luscious drink your lips produce
I can taste that sweet lovejuice 3x)

I can taste that sweet lovejuice
