You wanna get a second look and take a pick
Know about my life be my guest and make it up
As long as you collect that check
You don't really give a shit do you
Keep it straight I'm not losing any sleep
Just telling you how it is
Your pictures just pictures
But they ain't worth a thousand words

I'm talking all about me
Your articles ain't real saying shit
Stop wasting your time with this
Lying about my life
This is me
Yeah yeah yeah
Stop wasting your time
Lying about my life

There's no reasons
To believe them
Let go
Just keep my name
Out your mouth

It's someone else
It's someone else
That's what I feel
You failed, sir
A fake me you created
I'm having fun
Thank you

See umm stop and staring everyday
Trying to tear a piece of me away
That's not the guy I see in the mirror
That's the guy you want
This is my life that I gave
Not what you made
The rumors can't be true
Cuz I'm a clear it up for you

Paparazzi snapping shots

Writers making stories up
The proof they have is not a lot
I'm living life you all forgot just taking it
Day by day can you hear the things they say?
This is how I do it
When I do it cuz it's my way
I can live and you can talk
I can run and you can walk
Nobody can make a me nobody can make me stop
You can't be replacing me
This fabrication facing me
It still entertaining me

There's no reasons
To believe them
Let go
Just keep my name
Out your mouth

It's someone else
It's someone else
That's what I feel
You failed, sir
A fake me you created
I'm having fun
Thank you

It's someone else
It's someone else
That's what I feel
You failed, sir
A fake me you created
I'm having fun
Thank you
