"Dance Of Beltain Fire"

As the Sunwheel makes it's ascent
And the Green Man makes his advance
We light the sacred fire
The warming of Winter's flesh
The season of Ostara Twin flames of purity
In unison dance
The flames of renewal
Rite of fertility
Your garden pines for my seed
The extension of our bloodlines
As the Sunwheel makes it's ascent
And the forests are abloom
The breath of Summer on our folk
The warming of Winter's flesh
The season of Ostara
Twin flames of purity
In unison dance
The flames of renewal
