F/ Afu-Ra, Breez Evahflowin'

[Akrobatik]

This is some serious business right here

Come on

Yo, bust it, this is a remix

Afu-Ra up in the spot

Breez Evahflowin' up in the spot, yo

"Yo Afu!" -> Jeru the Damaja

[Afu-Ra]

Yo, yo, yo

I know you heard of Afu, tryin to get witchu

Knowledge be the foundation, eff the gun fool

One of the best to blaze the spirits who lyrical

Spit it so much what? My aura's makin miracles

Summon the powers of Bob Marley

Or Marcus Garvey, flip it on the train to run a Harley

Touch you in the mind like virgins on all fours

Drag you through the streets of wars and give you sores

Of righteousness, I learned my patience in The Matrix

Levitated evaluated now celebrate it

That's calibrated, lessons be stated, you're salivatin

So many rhyme about hymens, and shiny diamonds

Afu-Ra keep it mentally climbin

Found a balance in positives and negatives

Like laser beams, (?) couldn't (?) with these maimin teams

Foes stunned with bait, never hate

All you rhyme about is the cake, that shit is fake

Stab my stake, through triple darkness and spark this

Since the bullseye's your fate, watch my darts hit

"Yo just set it off man!" -> Afu

[Chorus: Akrobatik]

Yo, people in the party it's time to get RUFF

People in the party it's time to get RUFF

Everybody in the place, it's time to get RUFF

Cause we know that they style's not RUFF, ENUFF

"Ak, hold back.. nah, never that!"

[Akrobatik]

Yo, straight out the gate like a Preakness candidate
But ain't no time for horsin around, I hold my weight
(no doubt)

Straight legislatin shit like the governor
Hip-Hop's my Wiz, I ain't fuckin her, I'm lovin her
When Akrobatik brings the flows in, to stop rap's
erosion

Another +Detonator+ explosion takes place
With the force of T-N-T

And it's embodied in the form of these three MC's
When Afu, AK and Breez "Whirlwind Thru Cities"

The place bounce like your girlfriend's two titties
Lyrical force so strong it murdered punks

The combo of Stronghold plus Perverted Monks
And this perception is (what?) lyrical perfectionists
Razor sharp rhyme slice leaves you midsectionless
Rock your torso, Ak's ruff enuff, even MORE SO
Flavor to the very last morsel

I don't force flows, shit comes natural
That's actual factual from Ak to you
Bring the boom bap to you without the fluff
When Ak's in the spot it's time to get ruff

[Chorus]

"Breez tell me what's the deal yo?"

[Breez Evahflowin']

This shit is senseless, somebody need to do somethin
So many, moments of silence the club stopped jumpin
Spot somethin similar in some of these MC's
Fell to the various ways that Satan tempt me
Without no sense B, hate and envy
Address assemblies, fuck a crown where would you be
Without sound; they stood firm holdin they ground
Same spot I pray soon that a cordless is found
Who holdin it down? Who showin love, who got the style
out?

Who got these press people all expectin me to wild out?
BOOM BOOM BOOM to the pigs in they hideout
Niggaz so pussy they spit and dicks fly out
Bricks fly out the whip like any challenger
Mark off, another fuckin day on your calendar
Critical caliber, holocaust cobra clutch
Switched your wig like the skin on a dutch spliff
Ruff shit!

[Akrobatik]
And we bringin it
Cause we know that your style's not, RUFF, ENUFF!

[Chorus]

[Akrobatik]
Word Akrobatik, Afu, Breez Evahflowin'
Perverted Monks y'all, Strong-Breezy
Perception is, +Detonator+ bee-ya-ITCH!

"Ruff like Timberland wear, gear!" -> Raekwon
