"Behind Those Eyes"

Your shadow lies a bit too long
Across my path
And it bleeds too much
On blue gray gutters and fireflies
Black and cold into my shoes
Turn my skin blue
A little spider crawling up to weave
Around my heart a moonlight web

[chorus]

When you see my eyes
Does your heart receive these words in mind
When you close your eyes
Do you see me and these dreams I hide?
If I could steal one thing
I would grab your heart and make it mine
Your heart

Little thoughts and feelings
Found behind those eyes
I refuse to know the truth
To know the reason why
You and I can never be
I try to build a wall
Try to heal the hurt inside
But it pains me even more to know that
It's too late— I'm too late

[repeat chorus]

Coz I can see your face
Everytime I gave those skies
Then I cry
Coz it feels so right
But you can never be mine

[repeat chorus 2x]

Does your heart receive these words in mind?
Do you see me and these dreams I hide?
I would grab your heart and make it mine
