too many hoops to jump thru for me to try and get to  
you  
too many hoops to jump thru for me to try and get to  
you

mama said play hard to get  
mama might have something there  
i make the effort  
i make the time

but i doubt you'll ever be mine  
you put up so many barriers  
i get more calls from long distances carriers

hey hey

too many hoops to jump thru for me to try and get to  
you  
too many hoops to jump thru for me to try and get to  
you

you wanted me to meet your friends  
now i've met everyone of them  
it isn't them i'm trying to date  
how long you gonna make me wait

you offer kneepads  
but i'm not gonna crawl  
its like playing tennis with a basket ball

hey hey

too many hoops to jump thru for me to try and get to  
you  
too many hoops to jump thru for me to try and get to  
you

hey hey

for your live ill make my play  
but i wont bid like i'm on e-bay

now i see what's goin' on  
I'm fine wine and your boons farm  
you're really good at stringing me along

i guess ill never see you in a thong

hey hey

too many hoops to jump thru for me to try and get to  
you  
too many hoops to jump thru for me to try and get to  
you

too many hoops to jump thru for me to try and get to  
you  
too many hoops to jump thru for me to try and get to  
you
