Dear Santa, I know I don't deserve it  
But if you would just hear me out  
I know you'll understand

January wasn't good for me  
And February wasn't right  
March I started messin' up again  
And in April I gave up the fight

I admit I don't deserve what I'm beggin' you today  
So I'll confess what I've done wrong, just listen to  
what I say

I've been a bad, bad boy for Christmas  
Ain't had a year that's worse than this was  
And I'm writing this letter now cuz  
Santa won't you help me please, cuz my baby's  
gone from me

Cuz she left when snow came fallin'  
So to you I've come a-callin'  
And the tears that I've been bawlin'  
They won't bring my baby here, Santa please I need a  
miracle

Bad boy, bad boy, bad boy - Been so bad yeah  
I've been so bad  
Bad boy, bad boy, bad boy, Bad, bad, bad, yeah

Summer came along and tempted me  
And I couldn't help but lose my way  
Barely I survived close calls this fall  
Cuz I had to just stop and play - oh no, no

Now it's winter and I'm alone and regret that we're  
apart  
Christmas doesn't mean much anymore - How could  
I just break her heart?

I've been a bad, bad boy for Christmas  
But can it hurt much more than this does  
And I'm singing this song to you cuz

And you might think this is strange, but my heart has  
really changed

And I don't know where she's hidin'  
But I know that she's been cryin'  
So when your big sleigh comes a-flyin'  
Though I'm naughty and not nice, I don't wanna pay  
the price this year

If you grant my wish, I promise you  
Every day of this new year I will, I will be true  
I won't make mistakes no more, and for this I make  
my vow  
Leave my baby under my Christmas tree  
Come on Santa - now

I've been a bad, bad boy for Christmas  
Ain't had a year that's worse than this was  
And I'm writing this letter now cuz  
Santa won't you help me please, cuz my baby's  
gone from me

Cuz she left when the snow came fallin'  
So to you I've come a-callin'  
And the tears that I've been bawlin'  
They won't bring my baby here, Santa please I need  
her near

Been a bad, bad boy for Christmas  
But can it hurt much more than this does  
And I'm singing this song to you cuz  
And a guy like me can't wait, so please Santa don't  
be late

And I don't know where she's hidin'  
But I know that she's been cryin'  
I've messed up but I've been tryin'  
It's so lonely don't you know, underneath the  
mistletoe this year

I've been a bad, bad boy...
