Baby, there's no one here anymore - Streets still,
completely empty
Gone now - the dreams that I knew before - Nothing
true remains
Secrets I can no longer deny - Lies that haunt my
memory
Shadows disguise my sin from the light - Shadows that
hide my shame

One dark night, and one black lie will
Will tear you from my life

Chorus:

And I cry, I'm crying every day
Asking why my heart could not obey
Tears will fall and every sigh resounds
Heaven's lost for those who stray

Months now, I spent just running away from stars that
whisper "guilty"
My tears will soon reveal in the day what words cannot
convey

Lost control, and lost my soul
And now forever fades

Chorus:

And I cry, I'm crying ev'ry day
Asking why my heart could not obey
Tears will fall and every sigh resounds
Heaven's lost for those who stray
I betrayed the love that made you mine
Lost my way and cast my vow aside
Why confess - Forgiveness can't pretend
For my body sold my life

Can I stop the sun tearing through the sky?
Can I stop the truth rising in your eyes

Chorus:

And I cry, I'm crying ev'ry day
Asking why my heart could not obey

Tears will fall and every sigh resounds
Heaven's lost for those who stray
I betrayed the love that made me yours
Changed our path and threw us off the course
My one sin weighs far too much to bear
Now our love will rise no more
Will rise no more
