Struts through the door, moves to the floor  
He's strong and sure - Always alone  
Flashes a smile, hangs for a while  
Blazing in style - onto his throne

He shows his face, all feel the grace  
He sets the pace - Music's pumpin'  
This is the guy, lights up the sky  
Rockin the night - It's jumpin'

Dance for hours, flex his powers  
Prince of the young and tough and pretty people  
Leads the way to the day  
Sets the night on fire

Chorus:

Boy! Knows just what to do  
Boy! Young and sexy too  
Boy! Knows in his heart all of this is just a small start  
Diva! No star's as bright  
Diva! Rules all the night  
Diva! Knows in his mind that the power must come from  
inside

Moon's risin' high, night's flyin' by  
He takes control - Stars in his eyes  
One boy transformed, one diva born  
All is possible - On to sunrise

Casts his spell, breaks their shell  
Prince of the young and tough and pretty people  
Saves their souls, that's his goal  
Sets the night on fire

Chorus

He brings his world to them and they all rise with him  
He changes how they see, the way they live, they  
dance, they breathe  
And in the darkest night he is the brightest light  
And everyone can see the boy, the man, the fire, the  
star

The boy, the man Â– loveÂ’s power!

Chorus
