I am not a man who lights the way
I am just a man who hides from the day
Burdened by Â– the drought within my spirit

What kind of life would wait for me
If thereÂ’s no way to be set free
But now the thunder roars and I no longer fear it

Out of the darkness, Out of the shame
Rise from the shadows, Fly from the pain
My eyes begin to magnify this mercy given
Into the rain and into the sun
I can now feel my new lifeÂ’s begun
And it is here in the water that I am forgiven

How can I ever hope to live
If I donÂ’t deserve the gift that you give
And yet this storm comes to spare my broken life now

Out of the darkness, Out of the shame
Rise from the shadows, Fly from the pain
My eyes begin to magnify this mercy given
Into the rain and into the sun
I can now feel my new lifeÂ’s begun
And it is here in the water that I am forgiven

Hear the voice the oceans rise to know
Seek the winds that make the rivers flow
Feel the water glorify the holiest graces, compassion
divine

Oh-oh-oh
Oh-oh-oh
Oh-oh-oh

Out of the darkness, Out of the shame
Rise from the shadows, Fly from the pain
My eyes begin to magnify this mercy given
Into the rain and into the sun
I can now feel my new lifeÂ’s begun
And it is here in the water that I am forgiven

Oh-oh-oh
Oh-oh-oh
Oh-oh-oh
Into the rain and into the sun
I can now feel my new life's begun
And it is here in the water that I am forgiven

Oh Forgiven, Oh Forgiven
