Alan Guno
"Gates Of Heaven"

Open the Gates of Heaven
Let the light shine, let the light shine with our mercy
And here at the Gates of Heaven
Lifted up high, Lifted up high
WeÂ'll give hope to the world
WeÂ'll give hope to the world

There in our hearts
Is the choice for the happiness we seek
And here in our eyes
Is the way to the vision of our dreams

There in each other is Heaven made known
Love means we donÂ't live alone

Open the Gates of Heaven
Let the light shine, let the light shine with our mercy
And here at the Gates of Heaven
Lifted up high, Lifted up high weÂ'll give hope
WeÂ'll give hope to the world
WeÂ'll give hope to the world

There in the world
Are the hurt and the hungry we should feed
And here in our hands
Are the joy and the comfort that they need

Brothers and sisters will show us the way
They hold the key to the gates

Open the Gates of Heaven
Let the light shine, let the light shine with our mercy
And here at the Gates of Heaven
Lifted up high, Lifted up high
WeÂ'll give hope to the world

All must give
To both friends, and the ones we donÂ't know
Heaven lives
In our works, in the love that we show
We show

Open the Gates of Heaven
Let the light shine, let the light shine with our mercy
And here at the Gates of Heaven
Lifted up high, Lifted up high
WeÂ'll give hope to theÂ…

Open the Gates of Heaven
Let the light shine, let the light shine with our mercy
And here at the Gates of Heaven
Lifted up high, Lifted up high
WeÂ'll give hope to the world

Open the Gates of Heaven
Let the light shine, let the light shine with our mercy
And here at the Gates of Heaven
Lifted up high, Lifted up high
WeÂ'll give hope to the world

Open the Gates of Heaven
Let the light shine, let the light shine with our mercy
And here at the Gates of Heaven
Lifted up high, Lifted up high
WeÂ'll give hope to the world
