Little bro Billy was born in Alabama  
Momma gave birth at a quarter to three  
Since then, he chased me like a puppy  
Who knew what a rascal he'd be

Little bro Billy took on all my vices  
A perfect copycat where I was involved  
And now his blatant imitation  
Leaves me with a riddle I can't solve

He wears my old shirts  
He wears my old boots  
Drives fast, like it's a NASCAR race  
Picks up girls with  
My tired old lines, but  
He ain't ready yet to take my place

And when we're flyin' down the freeway  
Ain't too much that he'll say  
He acts before he's got the facts, and  
He don't talk, he don't chat  
He don't care 'bout all that  
One thing on his mind  
He wants my hat

Little bro Billy picked up my bad habits  
A girl and a drink in each hand  
He says he's following my footsteps  
This boy thinks that he's now a man

I told him once  
I told him twice  
You don't want my kind of life, but  
A brother's words  
May come too late  
When it comes to trouble he can't wait

And when we're flyin' down the freeway  
Ain't too much that he'll say  
He acts before he's got the facts, and  
He don't talk, he don't chat  
He don't care 'bout all that

One thing on his mind  
He wants my hat  
He wants my hat

And now he's sixteen  
It's like a battle scene  
Gotta sit him down and set him straight, so  
My little Billy Bro  
My hat won't mean you're grown  
And I'll do anything to change your fate

And when we're flyin' down the freeway  
Ain't too much that he'll say  
He acts before he's got the facts, and  
He don't talk, he don't chat  
He don't care 'bout all that  
One thing on his mind

And when we're flyin' down the freeway  
Ain't too much that he'll say  
He acts before he's got the facts, and  
He don't talk, he don't chat  
He don't care 'bout all that  
One thing on his mind  
He wants my hat

Don't even think about that  
He wants my hat  
Wants my hat
