Don't think of getting nearer
Don't - I can't say it clearer
That's not a good idea
One more step, you're buggin' me so
No hands upon my shoulder
No words, they'll leave me colder
No mood for feeling better
Writin' up your scarlet letter

Fools ask me why and how
Outta my way now, outta my way now
Fools would ignore the signs
Move it on back now, Move it aside - Don't waste my
time!

Chorus:
Give me my space - Comin' through, I ain't got time
for you
I need my space - Want me to just draw the line for you
Out of my face - Talk is through, I won't be needin'
you
This is my space - You're standin' in my space

Stop - It's a game you're playin'
Stop - It's the price I'm payin'
Why can't you walk away now
Lose your talk, the grand façade now
No words are left to say here
No more - You're not sincere
Lie in the bed that you've made
End the scene, and fade to black, babe

Don't ask me why or how
Outta my way now, outta my way now
Don't think to wait in line
Move it on back now, Move it aside - Don't waste my
time!

Chorus

No one knows my secret heart - Pain is all I know
I'll forgive, but not forget - Move it on back now, Move

it aside — Go!

I won't be comin' back here
I won't be anywhere near
I'm out of good ideas
Wave goodbye — just not to me cuz
I'll take my heart and my fear
Won't play the part, oh no dear
I don't need these distractions
Lame excuses, lame reactions

Fools ask me why and how
Outta my way now, outta my way now
Fools would ignore the signs
Move it on back now, Move it aside — Don't waste my
time!
