If you ask me my heart's desire
I would tell you I don't know what that is
I would hide from you, I would walk away

And if you ask me to follow my own path
I would tell you I don't know the way
"How am I to know?", That's what I'd say

But here on the edge of the Great Tomorrow
One wish is all that it may take
The clock has long since struck 12 on this my story
There's no time to wait

If you ask me if I am scared
I would cry, I would cry the loudest "yes"
But in my mind I know, what I could do

And if you ask me if I am happy
Oh I couldn't, I couldn't tell the truth
But in my heart I know, it might be soon

For here on the edge of the Great Tomorrow
One dream is all that it may take
The clock has long since struck 12 and now I'm ready
And I'm wide awake

So I ask to find my heart's desire
Cuz I think the truth's somewhere there inside
And I smile a while, cuz now I feel it

And I ask myself, could I have known this
That the answer was there all along
And I smile a moment, cuz now I see it

For here on the edge of the Great Tomorrow
One wish is all that it may take
And I can feel the dreams that still hold on despite the
sorrow
Can I chance to fly, Could this finally be my time?

If you ask me my heart's desire
I would tell you I now know what that is
