I took my truck to Jimmy's shop
Find myself here quite a lot
Pushed her up the final mile
To save her soul
Jim took one look and shook his head
He said my truck was close to dead
It's just gone
About to croak
This puppy's broke

I took my heart to Jenna Lee
The one I thought would marry me
Asked my girl to be my world
On bended knee
She took one look and shook her head
She tossed the ring, said we were dead
Now my heart's
Become her joke
This puppy's broke

But it don't matter
If you're not perfect or well-bred
Just cuz you're broken
Don't mean you're useless or you're dead
So take your troubles
I'll take my truck, my shattered heart
And we'll move on, move on

I took my truck and drove downtown
Came across the city pound
Saw a dog with limpy legs
A busted nose
I took one look and fell in love
This beagle soon became my pup
I'll keep him safe
My furry bloke
This puppy's broke

But it don't matter
If you're not perfect or well-bred
Just cuz you're broken
Don't mean you're useless or you're dead

So take your troubles
Iâ€™ll take my truck, my pup, my heart
And weâ€™ll move on, move on

So when the world has got you down
When youâ€™re feelinâ€™ kicked around
Remember life ainâ€™t always kind
But thatâ€™s okay
Take one more look, Donâ€™t lose your head
Cuz it ainâ€™t over til youâ€™re dead
This ainâ€™t the time
To quit or choke
Just cuz youâ€™re broke

Oh it donâ€™t matter
If youâ€™re not perfect or well-bred
Just cuz youâ€™re broken
Donâ€™t mean youâ€™re useless or youâ€™re dead
So take your troubles
Iâ€™ll take my truck, my pup, my heart
And weâ€™ll move on, move on

Tonight Iâ€™ll take my heart and pup
Place them in my broken truck
Fly right by the county line
And yeah weâ€™re stoked
Cuz weâ€™ll be fine and soon youâ€™ll see
Our little broken family
Weâ€™re tattered, torn, messed-up folk
And yeah, weâ€™re broke

My truck is broke
And my heart is broke
And my puppyâ€™s broke
