growls
Modern day plague
Stronger than any and every
Virus, disease, or sickness
/growls
For a glimpse of ideology.
Anti-christian and eternally alive
growls undead /sings
Buried underneath two thousand years
growls Of histories /growls
Yet able to rise,
Instinctively arise
half growl
Avoid the light, the suns in sight
The undead should be sleeping
Avoid the light, and cross upright
My fledgling's dropping, weeping
Avoid the light, avert your sight
Go underground discretely
(x4) Avoid the light
/half growl
growls
True and purely horror
Man's ultimate enemy and predator
wrapped into one
/growls
Spread black wings of damnation
Then folding into shape a mortal men
growls not slaved /growls

Plasmicumber will over-ride
growls the true emotion /growls
That peering virgin to guard my callused grave
half growl
Avoid the light, the suns in sight
The undead should be sleeping
Avoid the light, and cross upright
My fledgling's dropping, weeping
Avoid the light, avert your sight
Go underground discretely
Alone, unseen, reborn, received
/half growl

It's a battle of wills
Ingloriously killed
growls we shall devour /growls
half growl
Avoid the light, the suns in sight
The undead should be sleeping
Avoid the light, and cross upright
My fledgling's dropping, weeping
Avoid the light, avert your sight
Go underground discretely
(x4) Avoid the light
/half growl
