Numbing rumble, countless medicine,  
Depleted from years of abuse  
Death rattle shaking  
And there's no faking, undertaking

Pressure point, rigor mortis  
Induce, grasp of poison hands  
Death rattle shaking  
From years of compulsive mistaking

Death rattle shakes (x2)

Disease of eyes, the addict blindfold, reduced to  
The realms of death  
Death rattle shaking  
Accumulating life it's taking

Death rattle shakes (x4)

(Mid)  
I've seen the end, and there is no light.  
Like deadly snakes, death rattle shakes

(Solo)

Death rattle shakes (x4)
