A smack on the wrist
Is the words from the mouth
Of the outsider lawyer, police

A small price to pay
For the dope and the guns
And the rape, it should all be O.K.

Your father is rich
He's the judge, he's the man
He's the God that got your sentence reduced

But in the back of his mind
He well knows what he'd find
If he looked a little deeper in you

In you...

Drag the water some more
Like never before

Sweet is the slice and the lips
You're gonna have that woman
She's your favorite lay

Promised
She swore that no one had been there
And she was going to keep it that way

Let it move in, you got thin, and got high,
And your money went
And so did your friends

But she's by your side
And her smile cannot hide
The premonition of the beckoning end

The end

Drag the water some more
Like never before

Drag the water some more
Like never before
Drag the water some more

(Bridge)

Drag the water for the truth...

(Solo)

Drag the water some more
Like never before
Drag the water some more (2x)

See what it is inside everybody...

Drag the water some more
Like never before

Drag the water some more (5x)
