Eliminate, the life decline
I've paid the masters with blood and hunger
And it's not for sale by any stretch
It's like religion without the bible
And the dragon lives inside my mouth
And it speaks in tongues, the word

(chorus) Hellbound in Fort Worth, Texas (x2)

Snakes in southern flames
To bring the thunder, the great decider
Would you believe in this or ash
I do believe it and it's taking over
Accept

(chorus)

Born to a world so young and proud
But over your head hangs a black cloud
Grow your hair and crawl inside yourself
Because there you cannot hide
Facing fears that you will overcome
And one of these years you know we've won

(chorus)
