Deathlike silence
Red clouds shake
The race that walls imortality
The undying battle of extinction
Who would believe in sanctuary
HUH, in sanctuary

Weapons of lead are post historic
Life is yeilded up to sour ground
A desert shell is designated
A warning to you both man and beast

Destroying, destoying
Foundation, foundation
I'm going, i'm going
Forever
Imortally insane
Imortally insane
Imortally insane
Imortally insane

Eden hardly a tranquill place
The prophecy lears its hateful face
The warheads like lightning strike again and again
Seperating the land from the wolf and man

HUH, No sanctuary

Suvivors will rise from strength and brain
The skulls of rivals lay in rows on the sand
The seeds of breeding swallow the waste
Creating more for the next war

Destroying, destoying
Foundation, foundation
I'm going, i'm going
Forever
Imortally insane
Imortally insane
Imortally insane
Imortally insane
