It's storming broken glass, corpses left in piles
Ungracious bludgeonment that breaks the earth for
miles
Nothing can stop it, the day has come, from below
it'scatastrophic

Freezing, there's no healing families are dying
This world is shattered...All shattered

Life crushing turbulence, this wrath can't be denied
Wishing you could help your friends, standing where
they died

Echoes haunting, a hollow planet, lacerations,
dissected nation

Freezing, there's no healing everyone's dying
This world is shattered...All shattered

Freezing, there's no healing everyone's dying
This world is shattered, all shattered
All shattered
All shattered
