Cheap cocaine, a dry inhale, the pills that kill and
take the pain away
Diet of life, shelter without, the face that cannot see
inside yours and mine

When I'm hiding, when I need it, it lets me breathe,
for our handle on this life, I don't believe this time

Would you look at me now?
Can you tell I'm a man?
With these scars on my wrists
To prove I'll try again
Try to die again, try to live through this night
Try to die again...

Forever fooling, free and using, sliding down the slide
that breaks a will

Mothers angel, getting smarter, how smart are you to
regress unfulfilled?
It's a damn shame, but who's to blame?

When I'm hiding, when I need it, it lets me breathe,
for our handle on this life, I don't believe this time

Would you look at me now?
Can you tell I'm a man?
With these scars on my wrists
To prove I'll try again
Try to die again, try to live through this night
Try to die again...
