Truly, fuck the world  
For all it's worth  
Every inch of planet Earth

Fuck myself, don't leave me out  
Don't get involved, don't corner me

Inside ulcer  
Unjust bastards  
File out face first  
Meet the lies and see what you are

It's forcing you down  
And it's grinding against you  
Let the war nerve break

For every fucking second  
The pathetic media pisses on me and judges what I am  
in one paragraph, ha!  
Look here - FUCK YOU ALL!

Expect the worst, you bleeding hearts  
But kill me first before it starts

Yes, my cock is getting hard  
We are born different after all

Invite mayhem  
Produce weapons  
Shoot out, burn down  
No CNN or media now

It's forcing you down  
And it's grinding against you  
Let the war nerve break

All the money in the fucking world  
Couldn't buy me a second of trust  
Or one ounce of faith in anything you're about  
FUCK YOU ALL!

Nothing is worth the sleep that I've lost

Apologies unacceptable now  
A blistering revenge awaits in me  
This is fucking loveless

HATE

Hate mail not read, in jail instead

HATE

Lord knows, there's worse  
Ignore this curse

FUCK YOU!
