Death!

There's nothing special about it
It's either there when your born or not
Gifted with talent or no big deal
Welcome to the death of a century

Cause yesterday don't mean shit
What's over is over
And nothing between

Yesterday don't mean shit
Because tomorrow's a day you have to face

No rewinding time

Yesterday don't mean shit
Yesterday don't mean shit

Reliving old reviews
It's a useless tool of confusion

Don't hold your breath for the turn around
Come into the world of endless odds

Cause yesterday don't mean shit
What's over is over
And nothing between

Yesterday don't mean shit
Because tomorrow's a day you have to face

No rewinding time

Yesterday don't mean shit
Yesterday don't mean shit

They'll tell you all about guilt
And in time you'll face the darkness
But darkness is a friend to you
Embrace and fly through the madness

Flying past God and wars and conflict
Oppression in you
Oppression in you

Plowing through minds and paranoia
Oppression in you
The oppressor is in you

(Solo)

Cause yesterday don't mean shit
What's over is over
And nothing between

Yesterday don't mean shit
Because tomorrow's a day you have to face

No rewinding time

Yesterday don't mean shit
Yesterday don't mean shit

Yesterday don't mean jack shit

You protect you and I'll keep to myself
It can only be that way, yeah!
