Trying just to deal
With the space your in
Somewhere between
Dark and light it seems
You wanna fly again
But your wings feel broken

Everyday you'll ask why
Why... Why
Why do I feel like
The sun wants to set
Why do I feel like
There's nothing left

How you gonna get somewhere
If you feel like your nowhere
How you gonna stand up now
If you feel your world's falling down
How you gonna let love in
If you don't know where it is
It all starts with you
Beautiful You
Beautiful You

Trying just to find
A friend for life
The one who makes you laugh
When you wanna cry

So don't
Don't be afraid
After the storm they'll be brighter days

How you gonna get somewhere
If you feel like your nowhere
How you gonna stand up now
If you feel your world's falling down
How you gonna let love in
If you don't know where it is
It all starts with you
Beautiful You

YOU CAN RUN FROM YOU
YOU CAN FIND FROM YOU
ONE DAY YOU GOTTA BE YOU
YOU CAN LIE TO YOU
YOU CAN TAKE FROM YOU
SHAME ON YOU... YOU GOTTA BE YOU
STAND UP, IT'S YOU
EVERYTHING I'LL EVER DO
YOUR BEAUTIFUL.!

How you gonna get somewhere
If you feel like your nowhere
How you gonna stand up now
If you feel your world's falling down
How you gonna let love in
If you don't know where it is
It all starts with you
BEAUTIFUL YOU.!
