

## Alessi's Ark "Ribbon Lakes"

Let's go fishing  
Take me to the ribbon lakes  
Do not cover your love  
If the brother you love  
Colours your slate

How did you find me?  
I don't want to know  
I do not wanna know

How did you fine me?  
He does not want to know  
It's not for them to know

Keep your heart in line  
It is better to keep it all inside

If you care for your man then do it  
If you care for your man then do it  
If you care for your man then conceal the way that you  
feel

'Cause once it is known  
Then it shows and the joy  
That glows slows down  
And it'll spread through town.
