Turn & Run

I can hear life passing me by
It's the very sound like the kicking of time
I look around and the stakes are high
I want to struggle but I wait in line
So turn, run

Now I'm back and I'm lost in a dream
I had a week in a single day
I lost my feet now I'm floating down stream
Far off to sea, are you following me?

So what am I supposed to think?
With every step I take I'm starting to shrink
Open my mouth but I don't hear the screams
Where am I? What am I?

Tell me what your gonna do
Turn and run, run, run
Run if you dare, run, run
Can't turn around, run, run
Run all alone, run, run

What am I supposed to feel?
How am I supposed to think?
How is it that your ok?
Why don't you feel like me?
What am I supposed to feel?
How am I supposed to think?
How is it that your ok?
Why don't you feel like me?
Turn, and run

I got treacle sliding through my veins
And my bones start to rattle and quake
And someone else there is tugging the reins
But I just can't see, who's pulling at me

Seems everyone can be bought or sold
Poor as a beggar on a pot of gold
I haunt myself for eternity

So why can't I see? I cannot see

Tell me what you gonna do
I'm gonna turn and run, run, run
Run if you dare, run, run
I can't turn around, run, run
I run all alone, run, run
Run if you dare, run, run
Can't turn around, run, run
I run all alone, run, run
I'm gonna turn and run, turn and run
