Oh, oh, oh  
Uh baby  
Right from the start you had my heart  
... your hands all alone, yeah  
We had it all, we rose down, we fall  
Say it ain't over, cause I can't let you go  
I can't think of moving on!

Chorus:

I wish I knew how to quit you, how to close the door  
I wish I knew how to get you off from my mind  
I wish that things could go back like it was before  
I wish I knew just what to do, just what to do!

Lost in a maze, thinking of better days  
When love was no choice, but something to endure  
But a never ending phase, hmm!  
And now that you're gone, I'm still holding on  
If all the memories from our past, I'm still trying to  
make it last1

Chorus:

I wish I knew how to quit you, how to close the door  
I wish I knew how to get you off from my mind  
I wish that things could go back like it was before  
I wish I knew just what to do, just what to do!

If I just could think with my head and not with my heart  
I erase all of you, make a brand new start  
I tried not to answer your calls, but I don't give you...  
I'm stuck trying to get over you!

Chorus:

I wish I knew how to quit you, how to close the door  
I wish I knew how to get you off from my mind  
I wish that things could go back like it was before  
I wish I knew just what to do, just what to do!  
I wish I knew, would you will... ?  
And I will feel this...  
Save all my memories, just erase their...  
I don't know what to do babe!  
Say I, say I wish I knew

Say I, say I wish I knew  
Say I, say I wish I knew
