### Verse

So many people will be down on their knees tonight  
Seeking directions for which road to choose  
for strength for the fight  
and when they rise up trust in His Word  
stand and believe that their prayer has been heard  
Their eyes will open wide  
For the Son they may see

### Chorus

Like a light in the darkness a song in the night  
Just the right words at just the right time  
Tomorrow today you may be someone's answer to  
prayer

### Verse

The very moment we are willing to say who "I am"  
We step out of our happenstance will into his perfect  
plan  
Where nothing's left to chance or to whim  
People to People is where it begins  
To be His voice of hope  
or the touch of His hand

### Chorus

Like a light in the darkness a song in the night  
Just the right words at just the right time  
Tomorrow today you may be someone's answer to  
prayer

### Bridge

So when I'm out of touch  
missing twice as much  
the blessings he has for me  
that keep me true to His will  
always faithful and still  
somebody waits for me
