One day, one week, one month, one century of you and me
Two hearts in love in... beating in the same time
I hope you don't mind
I wrote this song to show you how I feel, I'm for real
I love you for so long and my love is growing strong
Promise I won't leave you alone
You're the only one in my life
And I know that I, I will love you till the end of time

[Chorus]

To the end of the days I will love you, I will love you, I adore you
When nobody's around to protect you, I'll be to hold you in my arms
To the end of the days I will love you, I will love you, I adore you
When nobody's around to protect you, I'll be to hold you in my arms

One look, one touch, one word from you and I start to smile
And even when I'm down you make me come around
You get my feet on the ground
Nobody can... between you and I, I'm so happy I can cry
You make my life complete you're my everything
You're the reason I started to sing
You're the only one in my life
And I know that I, I will love you till the end of time

[Chorus]

To the end of the days I will love you, I will love you, I adore you
When nobody's around to protect you, I'll be to hold you in my arms
To the end of the days I will love you, I will love you, I adore you
When nobody's around to protect you, I'll be to hold you in my arms

You're the only one in my life, one in my life
And I know that I, I will love you till the end of time

To the end of days I will love you, I will love you, I adore
you
When nobody's around to protect you, I'll be to hold
you in my arms
To the end of the days I will love you, I will love you, I
adore you
When nobody's around to protect you, I'll be to hold
you in my arms

[Chorus]

To the end of the days I will love you, I will love you, I
adore you
When nobody's around to protect you, I'll be to hold
you in my arms
To the end of the days I will love you, I will love you, I
adore you
When nobody's around to protect you, I'll be to hold
you in my arms
