"Celebrity queen"

The lights are focused on you
Smile at the crowd
And you know what to do

Cause you know it
They all love it
They all adore you

Proud of you
Waiting for you
My special girl

Refrain:
Celebrity queen- shine on
You've got what it seems
And I'm here standing all alone
And when the doors have closed
You're coming home
I'm here for you my sweet
Celebrity queen

When I'm invaded by you
I wonder how
You can see it all through

Do you know that I'm still listening
When the world outside's asleep
And do you know that I am breathing
Love for you and hope for me

And when the rain
Just can't stop pouring (or just keeps on pouring)
I'll protect you when you fall

Cause I'm here- cause I'm here
