Tomorrow, Oh baby there's another day
Oh you're dying for nothing
Tomorrow, love does always find a way
You are dying for nothing
Oh this old town ain't big enough
Big enough for both of us
Baby, why is love a sacrifice for you

Chorus:

I don't wanna say that
I don't wanna say goodbye
(Can't live this lie girl)
I don't wanna say that
I don't wanna see you cry
(Can't live this like girl)
If your heart is weak, Oh it's hearts so bad
If your heart can speak,
Yeah it feels so sad, oh no...

Tomorrow, babe is such a long, long time
Oh you're dying for nothing
Tomorrow, but I'm sure your sun will shine
Oh you're dying for nothing
Oh what a kind of fool I am
To let you go again, again
Hear my heart is beating just for you

Chorus:

I don't wanna say that
I don't wanna say goodbye
(Can't live this lie girl)
I don't wanna say that
I don't wanna see you cry
(Can't live this like girl)
If your heart is weak, Oh it's hearts so bad
If your heart can speak,
Yeah it feels so sad, oh no...
